

TRANSPORT ESTIMATE

Below is an indication of transport costs; assumptions based on an easy access site with good ground conditions for foundations. As your project and plans evolve, a more accurate transport estimate can be advised before you are committed.

Your site needs to be pre-prepared and **ready on the day of your building delivery**, you will be advised of all details upon signing your contract and accepting quote.

Delivery details:

- Transport on an Artic truck (up to 58sqm)
- Site will dictate if a crane is required
- Building is complete on delivery and ready to connect to on-site services
- If your building is larger than 58sqm, it will be delivered with a house removal truck, the delivery team will do the foundations for you before the building is lowered down.

Standard floor plan layout includes COC Certificate for the building

Price list as at June 2018 (Subject to change), excludes GST and site consent
